

# robocoach

## Summer Club

robocoach Summer Club will this year include an even wider programme which incorporates various new activities in robotics, computational thinking, design & technology, crafts, outdoor physical activity and more.

robocoach guarantees a jam-packed programme for all groups which will definitely keep children actively enjoying their summer whilst building projects and learning. Groups will be challenged in various learning streams through the use of diverse robotic equipment including Qobo, robo wunderkind, Scottie Go!, Engino, Sphero and VEX, as well as 3D printing and green-screen technology solutions.

Surely a fun filled programme ensuring a summer club they will remember.

Sign up now!
